

COVID-19 Vaccination for Foreign residents

Vaccination for Persons Aged 18 to 49

- **Eligible recipients: Koreans and foreign nationals aged 18 to 49***(i.e. those who were born between Jan. 1, 1972 and Dec. 31, 2003)

* Short-term travelers staying in Korea for no longer than 90 days are exempted and those previously prioritized for vaccination (e.g. essential and high-risk facility workers) are not applicable.

- **How to get vaccinated: Make a reservation at a vaccination center of your choice for a date of your choice**
- **Vaccine for administration: Pfizer or Moderna (i.e. mRNA COVID-19 vaccine)**
- **Vaccination center:** Designated health facilities or vaccination centers

Reservation System

- ① Holders of National Health Insurance

- **Making a reservation: A 10-day rotation reservation period*** during which you will make a **reservation online** or by phone (call 1339 or a local call center***)** based on the **last digit of your date of birth** (format: YYYY/MM/DD) will begin on August 9, 2021.

* Allocation of a reservation date based on the last digit in date of birth (i.e. 10-day rotation reservation applies to both reservations made via phone-call and visit)

For example, if the last digit of your date of birth (YYYY/MM/DD) is "9," you will make your reservation on August 9.

** You can visit the official website (<http://ncvr.kdaca.go.kr>) to book an appointment for vaccination, which involves a simple online self-authentication process (i.e. You are required to make your own online reservation as no one can do it for you; and only one digital device is allowed to be used per person for reservation).

*** Reservation can be made via call centers run by municipal governments. However, it is advisable to make the reservation through someone who can speak Korean as interpretation service is not available.

※ If you've subscribed to the National Health Insurance in July this year or later, then you may be categorized as a non-subscriber. In this case, please call 1339 to make a reservation at a designated health facilities.

- If you don't have access to the internet, you can make your reservation by calling a public health center or a call center run by a municipal government. In this case, you're allowed to have someone else make your reservation for you, unlike online reservation.

- If you have difficulty in making an online reservation for any reason (e.g. problems related to self-authentication and/or alien registration number, etc.), you can either visit or call a public health center to register as a vaccination recipient, and then make an on-site reservation at a vaccination center for your injection.

- If you currently do not have an alien registration number, you can visit a public health center to receive a temporary registration number, which involves the submission of your personal information (but short-term travelers staying in Korea for no longer than 90 days are exempted), to make your reservation for vaccination.

- **Schedule: Make a reservation during the set 10-day rotation period (August 9 - 18), and receive your vaccination on your selected date from August 26 to September 30.**

* You can make your reservation from 8:00 p.m. on your allocated reservation day to 6:00 p.m. on the following day.
